## SPORTS CARPET

### PRODUCT DESCRIPTION

Sports Carpet is a versatile sports surface that provides users with a good grip and sufficient cushioning to perform speed, agility and quickness (SAQ) activities, safely. The material construction means a prowler (sled) can be used for pushing and pulling drills without damaging the surface. When combined with a CMS Danskin Acoustics elastic underlay this material is also suitable for high intensity plyometric activity. This multi-sports surface is also used for tennis, hockey, football and multi-use games areas.
