Edition 4.0 = brilliant colours and nonreflecting surface

\*Wherever direct, prolonged or repeated skin contact can be expected, the requirements for a Consumer Product currently valid within the EU must be met. Where this is not expected, your choice can be made from the entire decor portfolio. Those products the manufacturer has identified as fulfilling the requirements of a Consumer Product, are explicitly marked as such. To aid your choice the manufacturers recommended everroll wear layer has been tabulated:

Application	everroll wear layer
CrossFit, Functional Training	Ultimate
Cardio, Free-weights, Lifting Platforms, Functional Training, Spin Studios	Essential, Classic or Ultimate
Changing Rooms, Martial Arts Studios, Physiotherapy, Rooms, Yoga Studios	Not Recommended

We reserve the right to make changes to the technical data. The test results and specified values are subject to a tolerance of +/- 10 %. Crucial for the up-to-date data is the information on our homepage [www.regupol.com](http://www.regupol.com).

Due to roll manufacturing processes the finished surface may present with 'cutting lines' a common feature of new production. This is not applicable to finish Edition 4.0. Cutting lines are known to fade over time, which depends on intended application and footfall may take up to three months.

**IMPORTANT:** The information provided within this document is believed correct and to the best of our available knowledge at its revision date and is provided as suggestion for safe handling, storage, transportation, use and disposal. The information should not be considered obligation in respect of warranty of (technical) performance, quality (specification) or suitability for any application or design. The customer must satisfy themselves the product (or draft specification) are relevant and suitable for their need and design intent. Prospective users should test a sample of product under their own conditions to satisfy themselves of its suitability for intended purpose and that expert advice be sought where different applications are contemplated. Due to our policy of continuous improvement we reserve the right to alter or amend published specification or design without prior notice.
